

Kendall's Cardboard Boomerang Pattern

Great for indoor use - Makes a
6-8 ft circle!

Cereal Box or
T-Shirt Cardboard will
work the best for this
size. If you use a pizza
box or something thicker
you should make the
boomerang a little
larger.

TOP

End view

Pinch the boomerang on the end of
one wing, between the thumb and
forefinger with the top toward
you. Throw it perpendicular
with a good spin to
make it return.

Flex the tips upward (as the line above indicates) for more hover.

This boomerang can be made on the back
of a cereal box, and can be thrown with the
right hand or left hand.
